

Sing Out

Words S Morgan/ music Daniel Read

Sing out the cold, sing in the sun
Sing out for times that are to come.
Sing out the old, sing in the new,
Sing out the false, sing in the true,
Sing out the false, sing in the true.

Sing out to set the spirit free,
Sing out in strength and unity.
Our songs of justice, songs of peace,
Our songs of hope will never cease.
Our songs of hope will never cease.
