

## **My Bonnie Moorhen**

Traditional. Harmony arrangement © Craig Morgan Robson

My bonny moorhen, my bonny moorhen,  
Oot on the hilltop and doon in the glen;  
It's when ye gang butt the house, when ye gang ben,  
I'll drink a health tae my bonny moorhen.  
My bonny moorhen's gone ower the main  
And it will be summer 'ere she comes again  
But when she comes back again, others will ken,  
Oh joy be with ye my bonny moorhen.

My bonny moorhen has feathers anew,  
A' the fine colours, but nane o' them blue;  
There's red and there's white,  
and there's green and there's grey.  
My bonny moorhen, come hither away:  
Come up by Glenduich, and doon by Glendee,  
In by Kinclaven, and hither to me;  
For Ronald and Donald are oot on the fen,  
To break the wings o' my bonny moorhen.

### **Coda**

My bonny moorhen, my bonny moorhen,  
Oot on the hilltop and doon in the glen;  
It's when ye gang butt the house, when ye gang ben,  
I'll drink a health tae my bonny moorhen.
